Publications

Current projects

1. Karas, A. and T. Rozsos (n.d.). *The timing of academic specialization: Impacts on student outcomes*.
2. Oosterbeek, H., T. Rozsos, and B. van der Klaauw (n.d.). *School choice, school switching, and optimal assignment*.

Submitted papers

1. Karas, A. and T. Rozsos (2025). *Bank failure prediction: Supplementing standard approaches with the thematic analysis of reasons of bank closure*.

Thesis work

1. Rozsos, T. (2024). Switch happens: were school switchers initially assigned to the wrong schools? *MPhil thesis*. Supervisors: Prof. Dr. Bas van der Klaauw, Prof. Dr. Hessel Oosterbeek.
2. Rozsos, T. (2022). Developing bank failure prediction models: Exploring the value of failure type heterogeneity. *Senior Project (Bachelor's thesis)*. Supervisor: Dr. Alexei Karas; second examiner: Prof. Dr. Bert Mosselmans.

Other contributions

1. The CORE Econ Team (2024). *The Economy 2.0: Macroeconomics*. Data-driven figures. <https://core-econ.org/the-economy/>.
2. The CORE Econ Team (2023). *The Economy 2.0: Microeconomics*. Data-driven figures. <https://core-econ.org/the-economy/>.

Teaching experience

- 2025 Quantitative Research Methods II (VU, BSc level, TA)
 2024–2025 Choices, Inequality, and Welfare (VU, BSc level, TA)
 2024 Economic Principles in a Global Era (VU, BSc level, TA)
 2024 UCR Data Center Apprenticeship program (UCR, BA level)
 2023 Statistics (Tinbergen Institute, MPhil level, TA)
 2022– Guest lecturer data encounters (UCR, BA level):
 ➤ International Macroeconomics
 ➤ Introduction to Archaeology
 ➤ Mechanisms of Disease
 ➤ Introduction to Rhetoric and Argumentation
 2025– Bachelor thesis supervision
 2022– Academic internship supervision

Conference activity

Presenter

- 2025 Fifteenth International Workshop on Applied Economics of Education, Catanzaro (IT) *Switch happens: were school switchers initially assigned to the wrong schools?*
 2025 Young Economists' Meeting, Brno (CZ) *Switch happens: were school switchers initially assigned to the wrong schools?*
 2024 Global Academy of Liberal Arts Conference, Bath (UK) *Promoting data literacy across the liberal arts curriculum*

Participant

- 2025 R Dev Day @ RSE Con25, University of Warwick (UK)
 2021 The Economy 2.0 workshop, CORE Econ, Oxford (UK)

Grants and Fellowships

- | | | |
|-----------|---|---------|
| 2024-2025 | eScience Center Fellowship, Netherlands eScience Center | €2,000 |
| 2023-2024 | Tinbergen Institute full scholarship | €16,000 |

Study trips

- 2023 Wesleyan University: establishing a data science apprenticeship program

University service

Co-governance

- 2021–2022 Member, UCR Board of Studies
 2021–2022 Chair, UCR Academic Affairs Council
 2020–2021 Vice-chair, then Chair, UCR University Council
 2020–2021 Treasurer, UCR Academic Affairs Council

Data science projects

- Interactive applications for student course planning: overview of [curriculum](#), [course prerequisites](#), possible minors, [correspondence between UCR courses and Master's programs of UCR alumni](#)
- Interactive visualizations for university administration: trends in admissions, enrollments, grading, student satisfaction
- Interactive visualizations for university marketing: track combinations, curriculum structure
- Automated compilation of annual educational and research reports

- Automated compilation of course evaluation reports, university- and department-level summary reports

Other

- 2020–2022 Chair, UCR Housing Affairs Council Independent Body
2020–2022 Editor of university journals RAW and Ad Astra
2020–2022 Mentor to new students

Software skills

- Advanced R, Stata, SPSS, L^AT_EX, Quarto, GitHub, Microsoft Office
Basic Python, Java, Mathematica

Language skills

- Hungarian: Native
- English: Fluent
- Dutch: Basic
